TRANSMITTAL LETTER

This Transmittal Letter supplements the EFS filing on July 25, 2008, in connection with the issuance of a patent for this application, and is submitted to clarify the submission of two Form PTOL-85b documents on July 25, 2008. As the first Form PTOL-85b document was inadvertently submitted unsigned, a second, signed, Form PTOL-85b was subsequently submitted on the same day to replace the unsigned document. It is believed that the submission of the signed Form PTOL-85b, along with the Issue Fee (\$720) and Publication Fee (\$300), fulfill the requirements in connection with issuance of a patent.

Respectfully submitted,
